## Foreword from International Chairman

---

PKF now operates in over 440 cities in 150 countries on 5 continents. Offices in Key Economic Centres (KECs) are complemented by our strong presence in the developing markets of Africa, Asia Pacific, the Middle East and Latin America. Over the coming years we expect the number of countries we operate in to grow rapidly as we expand our global footprint.

We have seen tremendous growth over the last two years, including full coverage of KECs in the US , strong presence in China and our largest 20 firms now account for over 65% of global revenue; half of these are new members having joined within the last four years.

Although growth and quality are string, the PKF International team are ambitious in building upon the platform we have and continue to deliver resources to help our member firms grow and support the development of clients they serve and their people.

We will continue to be known for our quality, passion, teamwork, clarity and integrity.

The information contained in this year's International Directory is provided by the member firms themselves so PKF International cannot guarantee its accuracy. In addition to printed copies of the Directory, an updated online version is available on [www.pkf.com](http://www.pkf.com), a PDF format for download and a mobile optimised version at [www.pkf.com/people](http://www.pkf.com/people). This information is regularly updated during the year and as new information is received from member firms, the online versions are updated in real-time.

Should you spot any omissions or errors please contact your PKF Regional Director or the PKF International office. Should you have any issues please contact me directly and I can assure you it will receive immediate attention.

Sebastian Wohldorf  
Chairman of the International Board  
PKF International Limited  
October 2017

## About PKF International

PKF is a global network of legally independent firms bound together through strong teamwork and by a shared commitment to quality, integrity and the creation of clarity in a complex regulatory environment.

PKF has more than 220 member firms and correspondents located in 440 cities, operating in over 150 countries on 5 continents across the world. PKF specialise in providing high quality audit, accounting, tax and business advisory services to international and domestic organisations in all markets.

PKF member firms have over \$1 billion of aggregate fee income, employing more than 2,600 partners and 16,000 staff across the world.

The PKF network is administered by PKF International Limited (the Licensor). This directory lists the member firms (the Licensees) that have concluded Operating Licence Agreements (OLAs) with PKF International Limited and also correspondent firms who provide representation in countries where the PKF network does not yet have a member firm. Under the OLAs, each member firm is licensed by PKF International Limited to carry on a separate, independent business under the PKF name. There is no contractual link between the individual member firms and the PKF network is regulated by adherence to the OLA between the Licensor and each individual Licensee.

PKF International Limited is a member of the Forum of Firms, an association of international networks of accounting firms that perform audits of financial statements that are or may be used across national borders. The objective of the Forum of Firms is to promote consistent and high quality standards of financial reporting and auditing practices worldwide.

Visit [www.ifac.org/forum\\_of\\_firms/](http://www.ifac.org/forum_of_firms/) for further information.

## The Licensor (PKF International Limited)

PKF International Limited is a company (the Company) registered in England and limited by guarantee. The Company's Articles of Association require a Board of Directors who conduct the business of the Company.

The Licensor does not provide client services.

The Licensor operates a globally directed quality assurance programme for member firms that is based on globally generally accepted professional practice. Member firms have access to PKF's audit methodology, training and seminars and are permitted to use the PKF name.

For the purposes of the IESBA Code of Ethics, only member firms are considered to fall within the PKF network.

## The Licensees (Member Firms)

Each Licensee is a separate legal entity in its own right. Contractual relations are only formed between the client and the member firm engaged by the client and no other PKF member firm may be held liable. Neither PKF International Limited nor any of its directors has a financial or management interest in any member firm other than his or her own.

Member firms are locally owned, operated and managed and are responsible for their own liabilities. Member firms are not members of one international partnership or otherwise legal partners with each other. No single firm is responsible for the services or activities of any other. Member firms of the PKF network may consist of more than one legal entity.

Member firms are responsible for any disciplinary measures taken against their individual partners and their personnel. In addition, each member firm is responsible for its own partner nominations, admission, remuneration, advancement and monitoring.

## Exclusive and Non-exclusive Correspondent firms

In some countries, PKF International Limited enters into exclusive or, very occasionally, nonexclusive relationships with firms referred to as 'correspondent firms' to perform certain services on behalf of member firms' clients. Correspondents do not have a licence agreement with PKF International limited and have none of the rights, privileges or responsibilities of member firms. They are not member firms and are not part of the PKF network for IESBA Code of Ethics purposes.

Unlike member firms, correspondent firms are not permitted to use the PKF name or visual identity and are not covered by PKF International's globally directed quality assurance programme.

Like member firms, correspondent firms are neither members of one international partnership nor legal partners with each other or with PKF International Limited or any PKF member firm, nor is any one correspondent firm responsible for the service or activities of any other correspondent or member firm. Each correspondent firm governs itself and handles its administrative matters on a local basis, is locally owned, operated and managed, and is responsible for its own liabilities.

## Using and updating the directories

The International Directory is published annually and online versions are updated as new content is received. We now publish the same content to this book, mobile, [www.pkf.com](http://www.pkf.com), member firms' websites and directly into your Outlook via PKF365.

The directories help member firms identify and contact other member firms for the purposes of undertaking cross-border client work and working together collaboratively.

The information contained in the directories has been entered into PKF365 by the member firms themselves and PKF International cannot take responsibility for any inaccurate information published in the directory.

The most up-to-date information can always be found on PKF365 – [www.pkf.com/365](http://www.pkf.com/365) . Information is updated using your member firm's Firm Account. For a reminder of your firm's access details, please contact [365@pkf.com](mailto:365@pkf.com).

We have created a series of videos to show the process of updating information, how to sync information with Outlook, generate branded Factsheets and create individual CVs of contacts. For more information please see – [www.pkf.com/365help](http://www.pkf.com/365help).

 - You will see the Skype for Business (SfB) icon within this directory. SfB connects users in new ways regardless of their physical location and fully integrates into Microsoft Office. SfB allows internet voice calls, conference calls that anyone can join, instant messaging, presence for availability, screen sharing and full webinar capabilities. If you would like more information on SfB please ask us at [365@pkf.com](mailto:365@pkf.com).

If any of your information in this directory is incomplete or incorrect or you're, please contact us at [365@pkf.com](mailto:365@pkf.com).

PKF International Limited is a family of legally independent member firms and does not accept any responsibility or liability for the actions or inactions on the part of any individual member firm or firms.
